

Use your scissors to cut out the shapes.

And then glue them onto the picture.

Easiest Play Dough Recipe Ever!

These amounts will make enough for one child to complete the activities we will be doing the week of 23/3/2020. I know flour is a bit tricky to get a hold of at the moment.

Using a cup or mug to measure

1/4 cup\mug of flour

1/8 cup\mug of salt

1/2 teaspoons of cream of tartar (usually next to the baking powder in the cooking aisle at the supermarket)

1/2 teaspoon of oil (e.g. vegetable / corn oil)

1/4 cup\mug of cold water with the food colouring mixed into it.

Place all the ingredients into a saucepan and place over medium heat, cook, stirring to prevent it burning and sticking to the saucepan. When ready, the dough will form a ball and come away from the sides of the saucepan.

The usual recipe is

Using a cup or mug to measure

1 cup\mug of flour

1 cup\mug of salt

2 teaspoons of cream of tartar (usually next to the baking powder in the cooking aisle at the supermarket)

1 tablespoon of oil (e.g. vegetable / corn oil)

1 cup\mug of cold water with the food colouring mixed into it.

Place all the ingredients into a saucepan and place over medium heat, cook, stirring to prevent it burning and sticking to the saucepan. When ready, the dough will form a ball and come away from the sides of the saucepan.
